

Memo No.: CERRS/Job/CA/Adv./2501

Date: 13/01/2025

Join Us
as a
Campus Ambassador!

Are you enrolled in a bachelor's, master's, or equivalent program at any UGC-approved university or higher educational institute in Bangladesh? Are you a dynamic and creative individual eager to make a mark on your campus? If so, we'd like you to join CERRS (সার্স) as a Campus Ambassador.

Campus Ambassador	Leadership	Youth Opportunities	Networking Opportunities
Event Planning	Project Management	Communication Skill	Volunteer Service
ECA Certificate	University Job	Learn & Grow	

Opportunity Overview

Last year CERRS launched a transformative **Campus Ambassadors Program** across universities in Bangladesh aimed at equipping students with vital skills and experiences to shape their future careers. Ambassadors act as catalysts for change, promoting global and local opportunities to their peers and transforming them into success stories.

As organizers, ambassadors orchestrate campaigns and workshops within their campuses, collaborating with clubs, faculty, and administration. They actively participate in, organize, and conduct various online and offline events, including seminars, conferences, workshops, webinars, and more, covering topics ranging from higher education planning to career guidance and research initiatives. Ambassadors will enhance their leadership abilities and contribute to our research and educational endeavors through their involvement. Upon completion, ambassadors will receive certification, enhancing their career prospects, international recognition, and scholarship eligibility.

Grab the opportunity to join our team and represent your institution globally. Get ready to be empowered and to empower others! Applications are now open. Don't delay, apply today!

*** Meet our present ambassadors here: <https://cerrsltd.com/campus-ambassadors>. ***

Why You Should Join This Program?

- To be part of a prestigious network of campus leaders.
- To build a standout resume with unique achievements and certificates.
- To make a meaningful impact on your campus community while growing personally and professionally.

Ready to take the lead? Join us now and unlock a world of opportunities with CERRS! Still unsure about applying? Below is a detailed, point-by-point breakdown of the role specifications.

Compensation, Support, Resources & Other Benefits

*** This role is voluntary and does not include monetary compensation. However, we provide the following support, resources, and benefits for our campus ambassadors:

1. Recognition & Certificates:

- Recognition on various social media platforms and the CERRS website.
- “Ambassador of the Month” certificate for outstanding contributions.
- “Certificate of Excellence” for exceptional performance during your tenure.
- “ECA Experience Certificate” upon successful completion of the program.
- “Certificate of Participation” for events, special initiatives, or projects.

2. Professional Growth & Networking

- Scope for future employment as an intern or a team member.
- Personalized “letter of recommendation” for future internships or employment in other institutions.
- Hands-on experience in leadership, communication, and project management.
- Networking opportunities with industry professionals, faculty members, researchers, and scholars.

3. Training & Resources

- “Free access” to our exclusive events like webinars, workshops, and training sessions.
- “Free access” to our promotional and event-planning materials.
- “Continuous support, guidance, and mentorship” from the CERRS team.

4. Skills Development

- Enhance your public speaking, social media management, marketing, and community outreach skills.
- Gain invaluable exposure to real-world event planning and leadership scenarios.

5. Incentives & Perks

- Referral commissions by promoting and sharing courses and workshop-style events.
- Gifts and waivers for courses and services offered by CERRS, subject to availability.
- Opportunities for recognition through awards and spotlight features.
- Research paper publication and collaboration support.
